

Teacher Circle Meeting Notes
June 7, 2009

- TC met with Gessho and Mukei to discuss protocol and the instructors in the ZP classes.
- Teachers are invited to 'sit in' on ZP classes.
- ZP instructors should not be addressed as teachers; it's misleading for them to be called 'teachers'. Newcomers to the Center need to understand the difference between the two. We will now use the name 'instructor' when speaking of/to them.
- Discussed the affiliated groups and how to oversee them. WW will state the necessary qualifications for these groups as follows“ Affiliated groups are led by Dharma Successors of Roshi Egyoku [Sensei's], or coordinated by practitioners who are actively practicing at ZCLA with a teacher”.
- TC will now take up the requests that come into the office such as interviews, filming, etc.,and make the decisions on such matters. In the past, Roshi has made these calls; now it will be TC, as a whole, who will be responsible. Sensei Ryodo will discuss this with the office.
